Vosa Vakaviti | Fijian Language

There are five votu (vowels):

Aa Ee Ii Oo Uu

Vowels are mostly pronounced as if they were spoken in Spanish, Italian and German (as in **ah** or **father**, **error**, **sit**, **toll**, **food** or **too**).

Consonants:

Bb Cc Dd Ff Gg
Jj Kk Ll Mm Nn
Oo Pp Qq Rr Ss
Tt Uu Vv Ww Yy

Pronouncing Consonants:

Most of the consonants are pronounced the same as they are in English, except for the letters b, c, d, g and q.

B – “mb” as in lumbar. Bula is pronounced “Mbu-la”

C – “th” as in father. Yacata is pronounced “Ya-tha-ta”

D – “nd” as in Sunday. Nadi is pronounced “Na-ndi”

G – “ng” as in finger. Gauna (time) is pronounced “Nga-una”

Q – “nq” as in finger. Qaravi (to serve) is pronounced “Nqa-ra-vi”

Note letters like k, p and t, are generally pronounced the same as they are in English, except there is not the sound of a slight breath that usually follows, so “t” would sound like “ch” when it is behind the letter “i.” Also, “j” is pronounced like the “ch” as in touch and “v” is pronounced with a short “ve” sound, like in vein.

Stress:

In most cases, unless with long vowels, the stress tends to be on the NEXT to last syllable.

Examples: Ka u ta – bring, vi naka – thank you, good.

For long vowels, stress is applied wherever it appears.

Examples: Ki-la, know, macawa – sky, week.

Malanivosa kei na Vosa | Phrases and Words
