

Te taetae ni Kiribati

Kiribati Language

Te taetae ni Kiribati | Kiribati Language

The Kiribati Alphabet consists of 13 letters.

The Vowels have the same pronunciation as other Pacific Languages including Te Reo Māori (Maori Language).

Special Consonants

Nasals - M N Ng

Like the vowels, the nasal sounds may also occur lengthened, which may provide some difficulty for English speakers.

This is another area in which spelling systems do not agree, often failing to indicate the additional length. For the most part these sounds are similar to those occurring in English.

In the **'NG'** consonant, we can start, end, and use it in the middle of a word. E.g. **Ngare** (laugh), **'kangkang'** (delicious) and **'eng'** (yes). In the English language, **NG** is used in and at the end of a word. E.g. **'singing'** and **'sing'** but never start a word with **NG** except for nouns.

R - To pronounce the 'r' we don't roll our tongue

T - When an 'l' is added to a 'T' and becomes a 'Ti', 'Ti' will be pronounced as 'si' as in 'sing'. Kiribati is pronounced 'Key-reh-ba-si' (pronouncing 'r' without rolling the tongue and 'ba' pronounced as 'ba' in 'bank')

W - This consonant is only used with the vowels 'a, e, i' but not 'o and u'

Vowels	Short Sound	Long Sound
A	Sound in 'ask' and 'dark'	March
E	Sound in 'elephant' and 'enter'	Egg
I	Sound in 'pit' and 'in'	Meat
O	Sound in 'ocean' and 'oat'	Door
U	Sound in 'blue' and 'you'	Moon

The consonants consist of 8 letters

M as in 'number'	N as in 'in'	NG as in 'sing'
B as in 'be'	K as in 'key'	R as in 'tree'
T as in 'sea'	W as in 'we'	

Te taetae ni Kiribati | Kiribati Language

Additional Consonants

mw	mwa	mwe	mwi
bw	bwa	bwe	bwi

These consonants are used to differentiate the sounds in:

'maku' (scared) 'umwa' (kitchen) 'bangke' (bank)
'bwatere' (dance).

As in English 'ma' in 'madam' 'mwa' in 'mother' 'ba' in
'badminton' 'bwa' in 'bar'.

Please note that in some parts of the Kiribati islands, these
consonants cannot be used with the 'o' and 'u' vowels.
